From 1 January 2021 a new e-notification service called Find a Tender will be used to post and view public sector procurement notices

- Find a Tender will replace the requirement to publish notices in the Official Journal of the European Union. Third party 'eSender' that confirmed they can publish notices to Find a Tender can remain in use.
- Portals such as Contracts Finder, MOD Defence Contracts Online, Public Contracts Scotland, Sell2Wales and eTendersNI will continue to publish low value or location specific notices. More information can be found [here](#)
