

Guidance for Audited Applicants

The Audit requires that you demonstrate compliance with key industry legislation and best practice.

Before your on-site audit, we recommend that you review your documentation and procedures to check that they are in line with our requirements and that you are able to provide evidence in support of this.

The guidance below should help you to identify the key points from the REC's Code of Professional Practice (the REC Code), the Conduct of Employment Agencies and Employment Businesses Regulations 2003 (the Conduct Regulations), other relevant legislation and what you can do to help the auditors verify that you are complying. (Please note that the auditor will focus their checks on the criteria that are specific to the type(s) of recruitment you carry out.)

It is important that all policy documentation is up to date, that agency staff are aware of the processes in place and are able to apply these consistently. The REC is seeking assurance that agency staff are aware of their statutory obligations, execute clients' requests correctly, observe best practice and adhere to procedures.

We will do this by:

- reviewing your contracts, policies, procedures and the forms that support this;
- discussions and interviews with key agency staff;
- file sampling (please note that we require explicit consent of the work-seeker for REC to view their file)

REC is keen to support and work with you throughout the process. We have a dedicated legal helpline providing advice and guidance to members, and the REC Legal Guide has a comprehensive range of model documents (both policies and contracts). The Compliance Team can offer advice on policies, procedures and what you need to do in order to be compliant.

File Sampling Consent

You must have the explicit consent of the work-seeker for REC to view their file as part of the audit process. If you do not have this consent then the file will need to be anonymised to enable REC to view it. An example of consent is as follows:

"I consent to the agency processing my personal data with third parties including the REC for the purposes of audits and investigations carried out on the agency to ensure that the agency is complying with all relevant laws and obligations"

Policy and Certification Requirements

It is necessary that all policy documentation and certification requirements are up to date, that staff are aware of the policies and they are able to apply these in practice.

You will need:

- an equality/diversity policy, which must cover all nine protected characteristics listed in the Equality Act;
- an up-to-date registration with the Information Commissioner's Office (ICO);
- a data protection policy, which must cover all seven principles of data protection as listed in General Data Protection Regulations (GDPR).
- a written complaints policy that sets out the stages a complainant can expect to go through when making a complaint – to comply with REC standards, this must cover: who to complain to; the timescales that an agency will work to; how to appeal a decision that is not satisfactory; an alternative process for dealing with a complaint in cases where a complainant does not wish to have a meeting with an agency; and a mechanism for dealing with any complaints informally in the first instance (that is, before resorting to a written procedure); if there have been any complaints against the agency, evidence that the complaints procedure has been operated effectively and the outcomes monitored;
- AWR – your policy for dealing with any written requests from an agency worker about any aspect of equal treatment that the agency worker believes they are not receiving, which should cover the timescale for your response and the information that must be included.

***Please note:** Audits are carried out on the basis that the Agency Workers Regulations (AWR) apply to the supply of workers, unless you confirm that the AWR do not apply to any/all of your activities. During audits the REC will carry out a number of checks on key working processes that relate to the AWR in order to check that members have an awareness of the AWR and have a few key working practices in place. However, the REC will not check the actual application of the AWR and the audit will not in any way provide a guarantee that you are fully compliant with the AWR.*

REC REPORTING REQUIREMENTS

Following the initial onsite audit we will provide an audit report and the agency will need to provide a written response and provide copies of documentation where necessary.

If the agency fails on 1 or more of 6 key areas (listed below) this will trigger the need for a re-audit before the agency can be awarded.

If we obtain information during the audit cycle or at the next audit find that previous audit findings have not been implemented (this may mean that they have been changed or not implemented properly) we will reserve the right to refer the agency to the REC's Professional Standards Committee.

What are the six key areas?

- **File sampling** – a failure to carry out any of the following checks on a work-seeker prior to placing them with a client – identity check, Enhanced DBS check (where applicable), further checks as required (for individuals who have lived/worked outside the UK), professional qualifications, references and right to work in the UK.
- **DBS/Update Service** – a failure to implement REC policy in this area relating to both new registrations and on an ongoing basis i.e. at least annual checks via the Update Service/new DBS checks (some agencies are still in the process of “migrating” workers to the new regime but there should be evidence that you are “migrating” the workers with an approximate end date as to when all will be migrated across)
- **Written assignment details to work-seekers** – a failure to have such a process in place
- **Induction and training for staff** – a failure to have a structured and substantial induction and training programme in place.
- **Guidelines that make standards of practice clear to staff** – a failure to have any written guidelines/operating processes in place.
