- Create your own skills tests easily with our Custom Test Builder tool
- Improve placement rates and minimise the risk of costly bad hires
- Reduce time to hire and recruitment costs
- Boost employee retention rates
- Benefit from full integration with Voyager Infinity recruitment software and CRM.

What our clients say about us

“Our clients can be assured that the candidates we’re putting forward have been thoughtfully and rigorously pre-qualified so that they can have a more streamlined and focused interview process. Ultimately, ISV.Online saves them time and money.”

- Amber Employment Services

“ISV.Online is a really effective tool which forms a valuable part of our assessment and selection process and allows us to provide clear and unbiased results to our clients and support & advice for candidate training.”

- Select Recruitment

“Efficiency and speed of the product – no complaints. From the company being efficient and fast to set up the system initially, to the support help that we have received, it has been exemplary! There is always someone on the phone or email to help. Friendly and patient too!”
