What REC Members Say About Croner:

"I just wanted to thank you for getting this case resolved. It is never easy getting past the emotional and disappointed feelings one has on top of the legal issues. You have been professional and very supportive in getting this case to a resolution and we feel relieved and pretty satisfied with the result."

"They have looked after us exceptionally well, and we are very grateful for all the effort made for us. We have a couple of meetings planned to go through our HR documents and another for a H&S audit. Fantastic experience of the company, thank you."
